Experience

Game Artist

Dec 2019 — Present

● Scientific Games/Light & Wonder | Reno, NV

- Assisting in creating artwork and animations for multiple digital slot games.
- Communicating between engineers, designer and any non-technical artists to package assets in the most efficient manner.

Associate Graphic Designer

Sept 2019 — Nov 2019

● Senegence International | Foothill Ranch, CA

- Assisted in creating and executing concepts from scratch while working closely with the marketing and communications team to ensure the design meets the Senegence brand standards.
- Created assets for social media and public site, such as: Web/Mobile Banners, RSS and Eblast.
- Assisted in photo editing and photography retouching.
- Worked closely with the rest of the creative team to ensure continuity of design and shared assets.
- Shared responsibility for organizing and maintaining the creative assets and file archives for the team.

2D Game Artist

Feb 2019 — Aug 2019

● Loot Kit Studios | Chicago, IL

- Created and animated 2D assets (characters, background, UI, text, graphics, etc.) for an upcoming mobile game.
- Worked closely with the team of Programmers and Developers to implement UI and game assets.

Illustrator

Feb 2018 — Aug 2018

● Nanopuppet | Los Angeles, CA

- Designed stationery, greeting cards and illustrations from concept to completion.
- Worked with the engineer team to create, troubleshoot, and resolve design limitations with the tech, that is constructed using muscle alloy to mimic organic motion.
- Took initiative to present new ideas of innovation to the company.

Animation Assistant

March 2018 — May 2018

● Bang Zoom! Entertainment | Burbank, CA

- Interned as an assistant in creating VFX + color correction for an upcoming 3D animated TV series.
- Maintained a clean production workflow for the animators and production team.
